

News Release

Tortilla Masters Equipment Receives Prestigious 2019 National Restaurant Association Kitchen Innovation Award for its TM105 Ventura Flex Tabletop Corn Tortilla Machine.

February 21, 2019

Tortilla Masters Equipment has been recognized with one of the foodservice industry's most prestigious awards by the National Restaurant Association for introducing the first NSF & ETL Tabletop Corn Tortilla Machine.

Ventura Flex Tabletop Corn Tortilla Machine

The Ventura Flex Corn Tortilla Machine, designed to produce a perfect corn tortilla that is ready to cook, is one of 25 products highlighted as part of the 2019 NRA Show.

The Ventura Flex is a Corn Tortilla Machine capable of producing up to 840 raw corn tortillas per hour with flexibility of producing different tortilla sizes from 4 to 6 ¹/₄ of an inch. It can also produce different tortilla thickness from 1 to 2 millimeters.

Because for the small footprint of 2 by 2 feet, there is no need for a special stand or location. The Ventura Flex can be placed virtually anywhere in your kitchen which means you will be able to maximize line efficiency and productivity. Plates will go out faster and have delicious fresh corn tortillas.

The Ventura Flex Tabletop Corn Tortilla Machine will be on display at the kitchen Innovations Showroom at the 2019 National Restaurant Association Show in Chicago on May 18-21

About the National Restaurant Association

Founded in 1919, the National Restaurant Association is the leading business association for the restaurant industry. Together with the National Restaurant Association Educational Foundation, the Association works to lead America's restaurant industry into a new era of prosperity, prominence and participation, enhancing the quality of life for all we serve.

The annual National Restaurant Association Restaurant, Hotel-Motel Show is the largest single gathering of restaurant, foodservice and lodging professionals in the world.

About Tortilla Masters Equipment

Tortilla Masters Equipment introduces Ventura Flex, the tabletop corn tortilla machine. Ideal for restaurants, this machine's specialty is to produce a perfect corn tortilla that is ready to cook. Our innovative product is the result of 13 years of experience on tortilla making equipment. This product is supported by a nationwide network of service centers. With our facility on the Houston Texas region and with an alliance with Star Precision Fabricating, we are proud to say this machine is built and assembled in the US. The Ventura Flex Table Top Corn Tortilla Machine is sold through a growing network of dealers to fulfill the high demand for the product. For more information, visit
